

Digital Touchpad Controller

Smart touch control in a compact design

AT A GLANCE

- Bright & compact touchpad design
- Visual & audible touch feedback
- Wall or flush mount options
- Controls: power, direction & speed
- Stores last used settings
- Error code diagnostics & reset capability

MacroAir's Digital Touchpad Controller is compact yet full of functionality. Featuring visual and audible touch feedback, it lets you control on/off, fan speed and forward/reverse operation with the touch of a finger. It even automatically stores the memory of your last used settings and makes repairs faster and easier through on-screen error code diagnostics.

For ultimate fan control and versatility, MacroAir's digital touchpad controller is a smart choice.
